Arlington, VA 22202

Dear Commissioners:

I am writing to express my concerns regarding the review of the Military Selective Service (herein "draft") system. While I support some efforts to encourage a universal national service, I do not support the mandatory registration of females in the military draft.

Due to the fairly recent opening of combat jobs to women, I am particularly concerned with any future requirement that females be required to register for the draft which results in a mandatory placement into combat or near combat locations.

Any development of a future universal national service should offer alternatives to military service.

Sincerely,
