Dear Mr. Fleck Chairman
I truly believe that
with your organization
would help every single
veteran that whom
gave his or her life
and also with PTSD
and my dad never got
the support what he
ever needed. I've dedicated
myself helping alot of
PTSD war veterans or
residential home-houser
dealing veterans and
taking care of them
from WWII, Vietnam War-2
vets, Afghanistan. Drugs &
alcohol worst killers of
veterans and suicides also
at very high rates. My
late step-grand father
fought in Normandy, France
D-Day June 5, 1944 was
wounded and received the
purple heart. May Jesus
Christ always be with
you John 3:16 amen.
